A

Accident Reports 10, 20, 46, 79, 97, 119, 130, 143, 152
CAR violations 20
Air Carriers (Domestic):
Air-freight agreement disapproved 100
Alaskan lines may make charter trips to U. S. 105
American denied control of Mid-Continent 141
American's request for nonstop service approved 91
Board answers questions on noncertificated service 88
Braniff to control Mexican line 74
CAB consolidates New England routes 5
CAB defines nonscheduled service 88
CAB starts proceedings against 7 carriers 153
Certificate transfer from Orlando to Florida Airways denied 156
Coast-to-coast routes consolidated 141
Domestic lines' earnings rise 7, 24
EAL and Northeast granted stops in New England 153
Essair's mail rate set 52
Feeder lines serve Rocky Mtn., Fla. areas 54
Idaho feeder carrier first of new lines to start service 138
Local carriers recommended to serve Tex.-Okla. 77
National Airlines denied control of Caribbean 42
National's mail pay 145
New England case 89
Nonscheduled carriers allowed more time for formal actions 104
Nonscheduled carriers asked to show cause 141
Northwest's routes consolidated 117
PCA passenger capacity to be tripled 4
Pickup-passenger service to west coast carriers 74
Pilot wage issue 17, 42
Safety rules for nonscheduled carriers 69
Size and number of planes growing 57
Southeastern states case 89
United to compete with Pan Am on Hawaiian route 105
United to serve Catalina Island 90
Wallace urges rehearing of "nonscheduled" case 113
Air Coordinating Committee 140, 153
Air Navigation Aids:
Blind landing system; GCA work 72
CAA radio station aided Dreamboat's nonstop flight 150
Denicke discusses air traffic control 30
ILS and omni-ranges selected by PICAO for world use 150
Indianapolis giving safe flight major consideration 12
Instrument landing system ready for winter use 85
Radar-equipped tower at Indianapolis 72
Radar projects underway 41
Radar to be tested at 3 big airports 151
Safe, easy instrument flying, objective 137
VHF radio aids 29
Airplanes:
AIA at work on noise problem 126
Aid biologists on bird migration 90
Autogiro becomes museum piece 3
Board adopts new CAR's to prevent fires in flight 128
Brazilians anxious to buy U. S. planes 26
Bureau of Standards develops new ceramic coating 40
Burgess calls for designing of safe personal plane 43
CAA approves pickup-passenger model 139
CAA designates 300 aides to inspect repairs 40
CAA issues simpler form for reporting defects 112
CAA pioneer plane 13
CAA simplifies approval method for parts 151
CAA to guard new frequencies for private craft 125
CAA to use surplus military craft 39
Constellations changed 103
Cross-wind gear for small planes 103
Flying farmers finding new uses 124
Folding wings big advantage for private flying 45
Helicopter models airworthy 38
Helicopter practical for transporting mail 115
Inspection deadline 68
Insurance rate cut 26
Midget air conditioner developed 11
New CAA plane inspection method 1
New types and models 9, 17, 48, 96
Plane production 37, 67, 87, 104, 117, 127
Production certificates issued from regional offices 84
Punch card machines aid studies of flutter and vibration 2
Registration 55, 100, 112, 149
Size and number growing 57
Surplus craft sold in Philippines 5
Test flights moved to distribution point 57
Wright spearheads effort to reduce noise 101
Airports:
Air traffic at Washington National 104
Baltimore named transatlantic terminal 17
Bids may be accepted Oct. 1 84
Blind landing system; GCA work 72
Board repeals wartime designation rule 54
Burden urges speeded activity on plans 101
CAA officials honored 88
CAA opens 44 district offices for program 137
CAA prepares for surplus fields 3
CAA to operate 132 towers 158
Charts to mark obstacles 45, 138
Chinese students finish studies 15
Cities assured ownership under federal aid 149
Federal Airport Act hearings 113
Fires caused by carelessness 27
Funds apportionment for 1947 116
Hook to assist in program 154
Increased tenfold since 1926 60
Instrument landing system ready by winter 85
Keystone to aviation—Burden 13
Land acquisition section added to Federal Act 139
Milwaukee congratulated on "door-step" port 27
National Airport appropriation approved 4
Radar-equipped control tower—Indianapolis 72
Radar projects underway 41
Radar to be tested at 3 big airports 151
Students study terminal needs 7
Taxiway parking strips speed take-offs at National Airport 136
Truman signs Federal Act 84

Page

Airports—Concluded
U. S. airports as of Apr. 1, 1946 76
U. S. airports as of July 1, 1946 131
U. S. airports as of Oct. 1, 1946 150
Wright outlines CAA action in program 53
Wright outlines steps for aid 125
Wright requests tower funds 2
Wright says planning is increasing 14

B

Burden, Wm. A. M.:
Airport plans should be speeded 101
Airports keystone to aviation 13
Air traffic best measure of CAA service 69
CAA's cost 69

C

CAA Answers 4, 16, 28, 40, 56, 70, 102, 138
Civil Aeronautics Administration:
Agreement on "policing air" reached 25
Aircraft registration 55, 100, 112, 149
Airport officials honored 88
Airport towers scheduled for CAA operation 159
Air traffic best measure of service—Burden 53
Air traffic control discussed by Denicke 30
Aviation education courses for teachers 87
Blind landing system; GCA work 72
Boudwin returns from Army 30
Burden—CAA's cost 69
CAA attorneys in new assignments 112
CAA missions make surveys in Colombia, Turkey, Lebanon 86
Changes in Constellations 103
Cities assured ownership under federal aid 149
Cleveland air exhibit 151
Cole resumes former post 131
Congress asked for funds 13
Designated examiners to give A&E ratings 90
Designates 1500 to handle 60-day student permits 52
Designates 300 aides to inspect plane repairs 40
District offices opened for airport program 137
Education experts to work in regions 124
Elwell resumes job as general counsel 26
English authority praises CAA books 115
Exhibition flying banned for inspectors 142
Eye refraction test dropped 149
Flight plan service 55
Flying schools show big gains 115
Form for reporting plane defects 112
Geisse leaves CAA 115
Global air charting to follow CAA standards 26
Global air routes tested 5
Harvey heads personnel office 32
Herman heads aviation training 31
Heroes honored 5
Hook to assist in airport program 154
Indianapolis giving safe flight major consideration 12
Inspectors' school 102
Instrument landing system ready by winter 85
International flight permit requirements 58, 145
Kline heads airways—Young, region 1 31
Neely, Harold R., dies 32
New inspection method increases safe plane output 1
Obsolete planes replaced by Army, Navy craft 4
Overseas air aids with CAA 37
Paris office opened 102
Percy, coordinator of CAA-PICAO activities 70
Pilots get physicals abroad 17
Pioneer plane 13
Police to be trained in air law enforcement 127
Posey CAA liaison officer 14
Preil, Stockburger get new posts 70
Production certificates from regional offices 84
Radar-equipped control tower unveiled at Indianapolis 72
Radar to be tested at 3 big airports 151
Radio station aided Dreamboat's nonstop flight 150
Regional offices to approve schools, repair stations 85
Regional private flying specialists meet 43
Releases 15, 31, 43, 65, 81, 95, 106, 116, 135, 147, 156
Reviews aviation in 1945 1
Safety education poster available 154
Schools given six ratings 55
Schulte, R. C. returns 58
Seeks flight surgeons to give physicals 91
Simplifies method for approving aircraft parts 151
Sinclair heads aviation training 55
Six medical officers appointed in regions 106
State-Federal aviation law 70
Stern gets public relations award 39
Stern reports on industry progress 86
Stovall—aeromedical fld. extended to plane design 57
Student certificates reach all-time high 127
Surplus airport plan 3
Tarrington heads international activities 77
Three radar projects under development 40
Time zone scrapping considered 26
Top personnel reassigned 118
To use Navy SNJ-3's 14
To use surplus military planes 39
Towers guard VHF radio band 69
Training maintenance center at Will Rogers Fld. 36
Training films available 84
Truman letter to Wright 73
Twentieth anniversary 53, 59, 60, 61, 62, 73
U. S. citizens in Germany to be issued certificates 100
Uthus resigns 14
Veterans back with CAA 24, 40
Vets offered aid in selecting flight schools 57, 85
VHF radio aids 29
Warlick appointed regional counsellor 4
Wright creates staff to map charges for services 38
Wright outlines airport program 53

Page

Civil Aeronautics Administration—Concluded
Wright—safe, easy instrument flying CAA objective ... 137
Wright's request for control tower funds supported by AMA ... 2
Civil Aeronautics Board:
Air freight agreement disapproved ... 100
Air regulations ... 9, 23, 35, 48, 65, 81, 96, 109, 121, 133, 145, 156
American denied control of Mid-Continent ... 141
Braniff to control Mexican line ... 74
CAR Part 33 proposed ... 36
CAR's adopted to prevent plane fires in flight ... 128
Creates counsel post as safety aid ... 90
Dawson new safety director ... 141
Denies certificate transfer from Orlando to Florida Airways ... 156
Duckworth heads safety bureau ... 17
Flight tests waived ... 5
International rates ... 25
Landis new chairman ... 91
Landis—safety biggest Board-airline job ... 138
Maclay returns to Board staff ... 106
Mulligan new secretary ... 105
Orders and regulations ... 8, 22, 33, 47, 64, 80, 92, 108, 120, 132, 144, 155
Overseas mail rates set ... 105
Pilots asked for views on rule changes ... 137
Pilot wage issue ... 17, 42
Pogue stays chairman ... 11
Proceedings started against 7 carriers ... 153
Releases ... 15, 31, 43, 65, 81, 95, 106, 116, 135, 147, 156
Repeals wartime airport designation rule ... 54
Ruling accords civic bodies "day in court" ... 38
Ryan vice-chairman ... 42
Safety bulletins ... 27, 97, 107, 130, 143
Transatlantic fares disapproved ... 77
Young succeeds Warner ... 32

F

Feeder Lines:
Certificate transfer from Orlando to Florida Airways denied ... 156
Essair's mail pay rate set ... 52
Idaho carrier first of new lines to start service ... 138
Local carriers recommended to serve Tex.-Okla. area ... 77
New England case ... 89
Pick-up passenger service in west coast area ... 74
Service in Rocky Mtn. and Fla. areas ... 54
Southeastern states case ... 89
Foreign and Inter-American:
Brazilians anxious to buy our planes ... 26
Brazil opens new tract for future air route ... 128
British postwar liners reach production stage ... 11
British test tailless plane ... 24
Chinese students finish airport studies ... 15
Fifth inter-American training program ... 75
Foreign flight permits ... 58, 145
Former inter-American students teach Peruvians our methods ... 128
Pan-American week ... 68
Students return to buy planes ... 139
Training program in S. America pays dividends ... 136

I

International Service:
ACC and PICAO start work on multilateral air agreement ... 153
Air routes in Pacific case ruling ... 114
Argentina, U. S. suspend air transport talks ... 141
Baltimore named transatlantic terminal ... 17
Bermuda conference ... 42
Brazil opens new tract for future air route ... 128
Brazil, U. S. agree to 5 freedoms in treaty ... 129
CAA missions make surveys in Colombia, Turkey, Lebanon ... 86
CAA tests global routes for safety ... 5
CAB takes action on international rates ... 25
Caribbean regional meeting ... 103, 113, 127
Cuban, Danish, Dutch given U. S. routes ... 58
England and U. S. agree on free competition air policy ... 129
Fares proposed by airlines disapproved by CAB ... 77
Flight permit requirements ... 58, 145
French and Canadian carriers issued permits ... 91
Global air charting to follow CAA standards ... 26
North Atlantic service topic at Dublin ... 25
Overseas mail rates set ... 105
Pan Am denied stops at Paris and Rome ... 153
Pan Am's new Atlantic route ... 117
Pan Am will serve Dublin and Frankfurt ... 105
PICAO Montreal meeting ... 75, 85, 100
PICAO regional meeting at Cairo ... 152
Swedish line to serve U. S. ... 30
TWA transatlantic mail rate ... 139
Two Colombian lines get routes to U. S. ... 106
U. S. and India agree on air rights ... 153
U. S. carriers get certificates for Latin American service ... 71
Venezuelan line gets Board permit ... 129

L

Legislation:
CAA asks Congress for funds ... 13
Federal airport act ... 53, 113
Federal airport act amendments ... 74, 139
National airport appropriation approved ... 4
State airport apportionment ... 116
State-Federal aviation law ... 70
Weather Bureau asks more funds to aid civil aviation ... 27

N

Nonscheduled Flying Advisory Committee:
Approves method to locate "lost" pilots ... 21
Child appointed executive secretary ... 11
Committee meets ... 111
Gillies to represent 6th region ... 40
Nonscheduled Service:
Alaskan lines may make charter trips to U. S. ... 105
CAB answers questions on service ... 88
CAB defines nonscheduled service ... 88
CAB starts proceedings against 7 carriers ... 153

Page

Nonscheduled Service—Concluded
Carriers allowed more time for formal actions ... 104
Five carriers asked to show cause ... 141
Safety rules ... 69
Wallace urges rehearing of "nonscheduled" case ... 113

P

PICAO:
ACC and PICAO start work on multilateral air agreement ... 153
Caribbean regional meeting ... 103, 113, 127
Cairo regional meeting ... 152
ILS and omni-ranges selected for world use ... 150
Montreal meeting ... 75, 85, 100
Percy, coordinator of activities ... 70
Senate ratifies Chicago convention ... 102
Technicians view radio aids ... 125
Works on PICAO standards for navigation aids ... 148
Private Flying:
Agreement on "policing air" reached ... 25
Aircraft registration ... 55, 100, 112, 149
Brazilians want U. S. planes ... 26
Burgess calls for designing of safe personal plane ... 43
CAA issues simpler form for reporting plane defects ... 112
CAA method to locate "lost" fliers ... 21
CAA simplifies approval method for aircraft parts ... 151
CAA to guard new frequencies ... 125
CAA towers guard VHF radio band ... 69
Cross-wind gear for small planes ... 103
Farmers finding new uses for small planes ... 124
Flight plan service ... 55
Designates aids to inspect repairs ... 40
Flying schools show big gains ... 115
Folding wings big advantage ... 45
Geisse—deciding factor in leadership ... 28
Inspection deadline ... 68
Insurance rate cut ... 26
Military pilots vs. light planes ... 107
Production of civil planes ... 37, 67, 87, 104, 117, 127
Public must demand right plane—Geisse ... 78
Regional specialists meet ... 43
Rental plan will make planes more useful ... 68
Safety education poster available ... 154
Show-off pilots criticized ... 154
State-Federal aviation law ... 70
Weather Bureau plans broadcasts ... 140
Wright spearheads effort to reduce noise ... 101
Publications:
Airman Agency Certificates ... 38, 117
Airman's Guide ... 37, 126
Air Marking ... 39
Airport Buildings ... 14
Airport Obstruction Plans ... 45, 138
Air Recklessness ... 130
Air Traffic Rules ... 52
Air regulations—manuals ... 9, 23, 35, 48, 65, 81, 96, 109, 121, 133, 145, 156
ANC Standard Airport Traffic Control ... 55
Aviation Education Source Book ... 52
CAB safety bulletins ... 27, 97, 107, 130, 143
Civil Aviation and the National Economy ... 25, 106
CPT bulletins ... 139
Employment Outlook in Civil Aviation ... 29
English authority praises CAA books ... 115
Flight Information Manual ... 103
Military Pilots vs. Light Planes ... 107
Path of Flight ... 36, 106
Physical Standards for Airmen ... 38
Pilot's Radio Manual ... 21
Practical Air Navigation ... 15
Realm of Flight ... 52, 106
Soil and Air Photo Handbook ... 136
Statistical Handbook of Civil Aviation ... 45, 106
Student Pilot Guide ... 3, 15, 44
That 500-foot Regulation ... 143
Type and Production Certificates ... 87
World Planning Charts ... 136

S

Statistics:
Air carrier ... 6, 18, 49-51, 66, 82, 98, 110, 122, 134, 146, 157
Air traffic at Washington National Airport ... 104
Domestic lines' earnings rise ... 7, 24
Plane production ... 37, 67, 104, 117, 127
U. S. airports as of Apr. 1, 1946 ... 76
U. S. airports as of July 1, 1946 ... 131
U. S. airports as of Oct. 1, 1946 ... 150
U. S. foreign air trade ... 100

V

Veterans:
CAA offers aid in selecting flight schools ... 57, 85
Funds for A&E job training, schooling ... 38

W

Weather:
Thunderstorms to be explored by Weather Bureau ... 54
Transatlantic fliers get "wind" reports ... 139
Weather Bureau asks more funds to aid civil aviation ... 27
Weather Bureau plans broadcasts ... 140
Wright, T. P.:
Airport planning increasing ... 14
Airport program ... 53
Guggenheim Medal ... 32
Medal of Freedom ... 77
Outlines steps for airport aid ... 125
Overseas air aids with CAA ... 37
Pan-American week ... 68
Reviews aviation in 1945 ... 1
Safe, easy instrument flying, objective ... 137
Spearheads effort to reduce airplane noise ... 101
Studies use of Alaskan airways for route to Asia ... 104
Warns employes on sulpha drugs ... 27
